

LATE REGISTRATION

Late Registration

Players wishing to play for any of our Rep or Select teams are expected to pay for the full cost of registration. Should a player decide to sign with one of our teams after July 31 the cost of registration MAY be reduced. It should be noted the cost of putting a player on the field if registered after July 31 are the same as registering at the beginning of the season. The only variance we have to work with are referee fees and facilities. Player registering after July 15 will pay the full cost of District/OSA registration fees and uniform costs.

Late registration may allow for a 20% reduction in the cost of registration. This reduction will be determined on an individual basis by the Club Registrar.
